## **WILLIAM J. “SKIP” LEONARD RECEIVES HIGHEST HONOR FROM THE ROOF COATING MANUFACTURERS ASSOCIATION**

*Martin A. Davis RCMA Industry Leadership Award  
Recognizes Outstanding Service and Contribution to the Roof Coating Industry*

**Washington, DC** – The Roof Coatings Manufacturers Association (RCMA) is pleased to announce that it has presented William J. “Skip” Leonard its most prestigious honor, the 2010 Martin A. Davis RCMA Industry Leadership Award.

This award is the highest tribute bestowed by RCMA. It is presented every year to the individual, selected by his or her peers, who has exemplified outstanding service and made significant contributions to the roof coatings industry. The award was presented to Leonard at the President’s Dinner during the 2010 RCMA Annual Conference, held in Charlotte, NC.

Leonard joined Henry Company on February 1, 1999 as Director of Technical Services as the company merged with Monsey Products Company in Kimberton, PA, and Bakor Inc. in Canada. Throughout his tenure, Leonard’s strong technical background has made him invaluable to a variety of activities and projects, including field services management, warranty administration and new product development for the complete building envelope. Currently, he is involved in an entirely new technology — spray polyurethane foam for roofs and walls.

Leonard’s broad background in roofing and waterproofing and active membership in ARMA, RCMA and RCI make him a clear leader in the industry. Prior to Henry, Leonard served as regional commercial sales manager for Tamko Roofing Product in Dallas, sales manager at Gulf States Asphalt Company in Houston and at GS Roofing Products in Irving Texas, where he aided the integration of Bird Roofing into GS Roofing. He holds a degree in Business Administration from Portland State University.

“Skip’s strong technical background and industry involvement assists Henry’s drive for innovation and new products while keeping us abreast of industry changes. He is a real asset to our company,” said Tim Callahan, Senior Vice President, Business Development, Henry Company.

The permanent Martin A. Davis Award plaque, now engraved with Leonard’s name, is displayed at the RCMA headquarters office in Washington, D.C.

### **About RCMA:**

*RCMA is the national trade association representing the manufacturers of cold-applied coatings and cements used for roofing and waterproofing, as well as the suppliers of products, equipment, and services to and for the industry. Founded in 1983, RCMA is dedicated to advancing product technology and to ensuring an ongoing supply of quality energy-efficient materials to meet the needs of contractors, consumers and the environment. RCMA is recognized as the premier association in the roof coatings manufacturing and supply industry, and currently boasts more than 70 member companies.*
